Dear Denis Clyfton,

I am writing to enquire about the possibility of obtaining a student job in your organization. I am a 20-year-old French student studying HIT engineering at Polytech Engineering School, United Kingdom. I am in my third year of study and I would like to have a student job. I found out about the job advertisement from Disney Store's website, and would like to apply for a position as cast member.

As you can see from my enclosed CV, I volunteered 2 years ago as an Event planner for a charity association named Big Bang Ballers, I organized and animated activities, many sports events like basket-ball, volleyball or handball for adults and children. My experience with this association allowed me to develop my organisational skills, and my communication skills, because I love interacting and being joyful with people of all ages. I also have a good experience working in a team to be more efficient and to ensure that the service that we provide will exceed the guest's expectations.

I would be delighted to work at Disney Store as a Cast Member. Indeed, your company would give me the opportunity to help me financially during my studies while doing something that I find very passionating.

I hope that you will take my application into consideration, and allow me the opportunity of contributing my skills, my experience and cheerfulness to your organization. I remain at your disposal for any further information you may require. I look forward to hearing from you.

Yours sincerely,

Tiaviniaina RANDRIANARIVELO
